WELCOME

The Guernsey Cricket Board warmly welcomes you to the fourth Bryanston Inter-County Festival. We are delighted to host the festival at the fantastic setting of Bryanston School and we thank the School's General Services Bursar, Richard Ball, for his assistance with making this festival possible. I am sure you will all enjoy the all outstanding sporting and residential facilities available and treat them with care and respect.

The Guernsey Cricket Board have taken on the running of the festival after former organiser Graham Symons retired. Most of you will not know Graham but I must thank him for the foresight in setting this competition up and for all that he has done for Hampshire and Dorset Cricket. He has become a very close friend of mine over the years and cricket has lost someone who cared passionately for the game. Saying that, I hear that he has just purchased an iPad and can be found scoring in a remote part of Dorset, you couldn't keep him away for long!

Thank you Graham from all four of the participating Cricket Boards and the youngsters you have served diligently throughout your many years in cricket.

Thanks are also due to the Head Groundsman, Rob Froud, and his team for the preparation and care of the excellent Bryanston pitches. Thanks also to the Bryanston catering staff, all is ready for you to enjoy a week of excellent cricket.

Congratulations to all the players on being selected, you should be proud that your hard work and effort has earned you a place in this festival. Don't rest on that though, others are waiting to take your place, so keep working on your game and make sure that you enjoy it. Cricket is the greatest of games, play hard and fair in the "Spirit of Cricket" and establish new and lasting friendships.

Finally, umpiring can sometimes be a thankless task and we must make sure that our umpires from the Dorset Association of Cricket Officials are respected both on and off the pitch. Our umpires will be made to feel welcome at all times, that is a given during every game.

I personally hold great values to the tradition and morale codes of the game and feel very strongly that as coaches, managers, umpires and spectators we are here to make sure that the youngsters become not only decent players but more importantly, decent people.

Have a great week.

PLAYING CONDITIONS/FESTIVAL RULES

Hours of Play & Intervals Scheduled start of play is 11.30am on Monday, 11.00am on Tuesday and Wednesday, 10.30am on Thursday, weather permitting. One tea interval of no more than 90 minutes will be taken between innings. The tea interval may be reduced at the discretion of the umpires and Festival Organiser after consultation with the team coaches, in a reduced overs match. Drinks breaks will be at 13 and 27 overs and last for no longer than four minutes.

Toss/Balls The toss to be carried out by the captains on the field of play not less than 15 minutes before the scheduled start of play and the captain winning the toss must inform the opposing captain and the umpires of his decision. Balls to be provided by the Festival Organiser.

Team Sheets & Teams

The Festival Organiser will give the umpires a list of the players before the game commences. Teams may include up to 13 players with only 11 on the field of play and only 11 batting. Fielders may be rotated with as minimal disruption to the game as possible, rotated fielders may play any part in the game without constraints.

Overs and Target Over-Rate

Matches will be 40 x 6 ball overs per side and are expected to start promptly (subject to the timings above). It is anticipated that each side should take no more than 2 hours 30 minutes to bowl its allocated overs, this being the responsibility of the captain and team coaches.

Results Points shall be awarded on the following basis: 2 points win, 1 point no result or tie, 0 points lost game. Net run rate will decide the final placings for the Thursday final games. In the event of this being tied then the fewest wickets lost during the week up to that point will decide the placings.

Bowling Restrictions No bowler shall bowl more than 8 overs in an innings and fast bowlers 5 in a spell. If the start of the match is delayed and the overs are reduced for both teams, no bowler may bowl more than quarter of the total overs allowed. Where the total overs is not divisible by 4, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance. In a match where the innings of either or both sides is reduced after the start of the match, then the maximum number of overs allowed per bowler shall be set at a fifth of the allocated overs.

Delayed Start to Match There will be no interruption to play for the first 45 minutes lost in a game. One over per side shall be deducted per each 8 minutes or part thereof after the scheduled start time, but the match may not be reduced to less than 10 overs per side or a match will not be considered. The latest permitted start time in the event of a reduced overs match shall be 5.30pm on Monday, 5.00pm on Tuesday and Wednesday and 4.30pm on Thursday.

Delayed Second Innings If the weather causes a delay to the commencement of the second innings, then the length of the second innings will be reduced by 1 over for every 4 minutes of lost play, with the batting sides target reduced accordingly by using the average run rate of the first innings. If more than 90 minutes of the second innings are lost due to the delayed start, then the match will be deemed to have been reduced to 10 overs per side, using the 10 highest- scoring overs of the first innings score (as above). If it is not possible to complete 10 overs in the second innings, then the match will be deemed to be a No-Result.

Interrupted Second Innings If the weather interrupts the second innings for more than the permitted total 45 minutes, then the second innings shall be reduced by 1 over for every 4 lost minutes and the batting side's target shall be reduced accordingly on an average run rate basis. If less than 10 overs are completed in the second innings then the match will be deemed a No-Result.

Match Cancellation The Festival Organiser will make the decision on the prospects of the entire days play along with the umpires where appropriate.

No-Result Matches Matches unable to be played due to weather will be rearranged to replace the Thursday fixtures.

Match Results The coach/manager of the winning team in each match is responsible for filling in an individual scorecard and giving this to the Festival Organiser before supper in the evening.

Match Scores Updated results from all the games will be posted regularly on the Guernsey Cricket Board Twitter Feed. Please follow us to receive updated information on all the games for all the teams involved. [@guernseycricket](https://twitter.com/guernseycricket)
